"Everything that Juanita did for us fell right into place. We had our policy for two years & it was supposed to increase. Within a matter of 30 days, Juanita got the policy lowered & she saved us \$100 per policy, per month for my company and employees."

Rudy Harms - Bright Horizons Carpet Cleaning, Warren MI

"Juanita is conscientious & works hard to get her clients the best plan. She follows through on service problems with the carriers and is a pleasure to work with. She shopped around for the best price. I didn't have time to do this myself & she interpreted the results."

Kenneth Simmons - Simmons Financial, Richmond MI

"Juanita is supplying insurance for my mom & brother – they are on Social Security, Medicare & needed Medicare Part D. Unaware of the process or time frame, we had a week to get it done & I don't know what I would have done without her."
